A LARGE CARGO OF LUMBER.

PORTLAND, Me., April 30.—The five-masted schooner Governor Ames, the largest schooner afloat, sailed for Buenos Ayres this morning at 8 o'clock. Quite a crowd of people gathered on the wharves to watch her departure. She has on board 1,896,000 feet of spruce and pine lumber, valued at $29,868. This is the largest cargo, with perhaps one exception, ever taken by an American vessel.
